

National Access Program Colorado

Are you a Friday member that lives outside of Friday Health Plans' primary service area? Get the medical attention you need by enrolling in the National Access Program. You'll be able to access local doctors and medical facilities as part of the Friday medical network. That means that you're still covered to see a doctor outside of the state where your health plan was issued.

Who is Eligible for the National Access Program?

The National Access Program is available to members and their dependents of an employer group who live outside of Friday Health Plans' primary service area.

This program is also available for individual plan members attending school outside the service area.

Learn more about the National Access Program by contacting the Friday Care Crew at [800-475-8466](tel:800-475-8466) and questions@fridayhealthplans.com.
